

Chugoku Regional Division Research of Natural Disaster Research Council

No. 10 Contents

Characteristics of Flood Damage in Tenjin River of Itami City by Heavy Rainfall of 7-8 May, 2023·····	1
<i>Haruhiko YAMAMOTO, Anna Koba</i>	
Damage in the Asa River Basin Caused by the 2023 Rainy Season Front·····	5
<i>Michihito TAKIYAMA, Nozomu ONAKA, Daichi FUKUMARU, Shoki EGUCHI, Seiji MIYAZONO, Yoshihisa AKAMATSU</i>	
A Study on Detection of Geo Objects by Complex Neural Network on SAR Observation Data of Flood Affected Areas·····	9
<i>Hajime SHIROZU, Yuhei UMEZAWA</i>	
Experimental Study on Lateral Over Flow Angle in Straight Open Channel·····	12
<i>Yuya MITO, Koji ASAI, Katsutoshi WATANABE</i>	
Historical Record of Debris Flows and Geological Features in Higashihiroshima City·····	16
<i>Hiroaki MATSUGI, Motoyuki SUZUKI, Kyoko KAGOHARA, Takamune KAWASHIMA</i>	
The Safety Factor of Peat Ground on the Northern Coast of Bengkalis Island, Indonesia·····	20
<i>Hiroki KAGAWA, Naoki YAMANAKA, Koichi YAMAMOTO</i>	
Probe for Measuring Three-Dimensional Groundwater Velocity without Borehole·····	24
<i>Joaninha Belo Ornai, Masataka AOKI, Koichi YAMAMOTO</i>	
Pull-Apart Basins and Flood Control Measures·····	28
<i>Yoshifumi KOCHI, Masanori KOTTA, Aki TOKUHISA</i>	
Analysis of Relationship between Meteorological Filed and Linear Rainfall Band on West Part of Chugoku Region·····	32
<i>Yuma HIRONAKA, Koji ASAI, Koji NISHIYAMA</i>	
Comparative Research on Impression of Past Monochrome Disaster Photo and Its Colorized Photo and Reason of Impression·····	36
<i>Misaki MATSUO, Koji ASAI</i>	

Survey of Residents' Willingness to Call on Each Other and Neighbourhood Interaction in the Event of Flooding	40
<i>Miyako SAITO, Yurino IMAGAWA, Ikumi OKADA, Mai HUIJINO</i>	
Connection about Disaster Prevention Awareness and the Disaster Prevention Action for the Natural Disaster of the Nursing Student of University A in the Time of Peace	44
<i>Riko TAKENISHI, Momoka SHIMOKAWA, Miyako SAITO</i>	
Differences in the Perception of "Disaster Prevention Response" between Liberal Arts and Science Students, as Seen by Students Taking the Subject Unit "Disaster Prevention and Urban Development"	49
<i>Naoki MEYAMA, Yun WU</i>	
Planning, Implementation, and Effects of Remote Disaster Prevention Education at Migita Elementary School, 2023 - Continuous Disaster Prevention Education Activity in Migita Elementary School #1	53
<i>Naoki MEYAMA, Shin-ichi AKIYAMA, Shinnosuke FUKUDA, Tadaaki NISHIMOTO</i>	
Providing Monitoring Information on the Channel Works on the North Side of Migita Elementary School to Children and Changing Children's Disaster Prevention Awareness - Continuous Disaster Prevention Education Activity in Migita Elementary School #2	57
<i>Shinnosuke FUKUDA, Naoki MEYAMA, Tadaaki NISHIMOTO, Shin-ichi AKIYAMA</i>	
Possibility of Evacuation Support in Natural Disasters Using Local Transportation -Survey in Konan District, Ube City -	61
<i>Shunsuke INOMATA, Hiroyuki SAKAKIBARA, Daisuke KAMIYA, Yoshihisa AKAMATSU, Miyako SAITO, Masae AMIKI, Yurika MURAKAMI, Yuko USHIO</i>
